Segment A - Kentwood to Caledonia Area

Segment B - Parmalee to Irving

The North Country National Scenic Trail
 When the trail is completed it will span from North Dakota to New York, linking scenic, natural, historic, and cultural areas across the northern U.S. It will have the distinction of being the longest continuous hiking trail in the Country.

Trailhead from M-37: Turn east at the intersection (light) of M-37 and Main Street, continue over the Thornapple River, the trailhead is just past the river on the right (south).

Note: Off road bikes required for the trail east of the Irving trailhead.

Segment C - Hastings Area to Vermontville

NOTE:
Most of this segment of the trail is under development. One unpaved section through the Village of Nashville is available for use.
